

## Key to Traffic Count Data

Site ID		Street	Location/Direction	day/ date	2001			%Chng
					peak hour	peak volume	total volume	
AB30BS	S	S. Abingdon Street	North of 31st Street S	TU/08/21	6PM-7PM	366	3861	+0.95%
AB27BS	CL	S. Abingdon Street	North of 28th Street S	TU/08/21	6PM-7PM	315	388	-25.24%

Sample Data Only

**SITE ID** - Identifies Street, hundred block, and North or South, CL = County Line  
example: AB= Street, 30= Hundred Block, BS= Southside BN= Northside

**STREET** - Street where hoses were placed

**LOCATION/DIRECTION** - North, South, East, West of particular street

**DAY/DATE** - M= Monday, 09= Month, 22= Date - M/09/22

**PEAK HOUR** - Highest Hour within 24 hour period with most vehicles

**PEAK VOLUME** - Highest number of vehicles in 1 hour period within 24 hours

**TOTAL VOLUME** - Total number of vehicles for 24 hour period

**% CHANGE** - Percent change in **RED** shows positive change from previous year. Percent change in **BLACK** shows negative change from previous year.
